PRESS KIT

about

The mixes from DJ SeVa are speaking directly to the core of her audience, creating a passionate atmosphere for music, life and the unique experience to unite everybody in the beat.

The perfect way to get in the mood for long nights, sets start off gently with chill vibes, building on the atmosphere of beats from the Orient, and unleash driving rhythms. The sounds DJ SeVa serves up are influenced by diverse musical landscapes—mixed with gems from Oriental House, Deep Douse, Electro to Techno fused with elements of various genres and her own remixes.

DJ SeVa has been playing classical piano since the age of 6. As a result, she creates a signature sound with an outpointing harmonic understanding, built on driving baselines and the connection between rhythm and melodies.

DJ SeVa completed the DJ course for women at Rubinia DJ School in Gaskessel Bern and learned to spin vinyl in 2013. She graduated from the SAE Institute - creative media education in Zurich with a diploma in electronic music production in 2015.

Since 2019, DJ SeVa has managed to mix for kids from her balcony during COVID-19, to small clubs and festivals where she enchants her audience with irresistible dance music.

charity #bethehelp

#bethehelp is a campaign to support people who are fleeing their homes and in emergency situations caused by politics and society. This year, the civil rescue campaign by Sarah Perincioli, aka DJ SeVa, celebrates its fifth anniversary.

Five years of civil resistance against asylum systems disguised as deadly traps in the Mediterranean Sea, against the hoarding of wealth, against overconsumption—at the expense of those who have already lost everything.

DJ SeVa is one of the only personalities in the electronic music scene in Switzerland, calling out for humanity and against any forms of violence against other civilians and children.

Currently, the attention is focused on families in Gaza/Palestine. The population of Palestine is being subjected to genocide. #bethehelp is trying to keep as many people alive as possible and, if possible, to evacuate them. All assistance for which donations are requested is covered as far as possible by personally provided funds. This gives the people receiving support a degree of security.

30% from your booking goes direct to the campaign #bethehelp!

Thank you from the bottom of my heart for trusting me!
Saving lives for 5 years! #bethehelp

“As a civilian, journalist, and artist, I am appalled by how the worst crime against humanity can be tacitly accepted and committed in public: genocide AND sadistic pedophiles in positions of power. I am against it. As an artist, as a journalist, but above all as a human being, it is my and our responsibility to stand up for others - who can not speak for themselves.”
